Windsurfing/Foiling
CLI tools
Cats

Software Developer

About Me:

Hi, my name is Karol Janowski. In 2022, I transitioned from a career in tax law to Java backend development. I joined the Zajavka project — one of the most comprehensive Java courses on the Polish market — to build solid foundations in software engineering. I'm passionate about backend development, working in the terminal, and automating tasks with Python and Bash. Currently seeking my first role as a Java software engineer, where I can grow and contribute to real-world projects. In my free time, I windsurf and foil in Rewa, or chill with my cat 🐱.

Skills:

Projects:

- **Title:** Car Dealership Project
  Description: Final project of zajavka workshop
  Technologies: Java, Spring Framework, Hibernate, Docker, PostgreSQL, Git/Github
- **Title:** Mortgage Calculator Project
  Description: Final project of zajavka bootcamp
  Technologies: Java, Spring-core, Lombock, Logback, Stream API, Gradle/Maven

Education:

- Master of Science - University of Gdansk (2019)

Courses:

- Zajavka Workshops (Feburary 2023 - Present)
- Zajavka Bootcamp (August 2022 - December 2022)

Previous Experience:

- Junior Lawyer at Law Firm of Legal Advisers KONTRA, Gdynia (Oct 2021 - May 2022)
- Junior Specialist at Polish Pomerian Economic Zone, Gdansk (Nov 2020 - Apr 2021)
- Junior Specialist at Polish Naval War Shipyard, Gdynia (Dec 2019 - Oct 2020)
